Whooping Cough

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease," writes Mrs. Archie Dalarymple, Crooksville, Ohio. For sale by all dealers.

MEMORIAL SERVICE

The annual memorial service for the members of the G. A. R. was held at the Christian church Sunday morning at 11 o'clock.

The ranks of the veterans are thinning out and only a few remain who are able to attend the memorial ceremonies.

A large audience was present. The church was decorated in the national colors and flowers and ferns, making it very attractive. Patriotic songs were sung, a splendid chorus and quartette leading the singing.

MORE MONEY FROM EGGS

Bad eggs cause Missouri farmers a loss of between three and four million dollars annually. Government experts estimate that five per cent of the eggs marketed have developing chickens and that three per cent are "rots" due to the embryo decaying. All these losses could be avoided by keeping roosters out of the flocks, thus having only infertile eggs produced. If Missouri farmers would follow this plan, they could save one and three-fourths millions of dollars annually.

Infertile eggs produced by flocks in which there is no male bird are the only kind that can reach the consumer in good condition during the hot summer months. The only object in having a male bird in the flock is to get fertile eggs for hatching purposes. Now that the hatching season is over, the Missouri College of Agriculture urges all farmers to sell off all the roosters or shut them away from the hens.—H. L. Kempster.

PRESBYTERIANS FAVOR PROHIBITION MOVEMENT

Chicago, May 26.—Members of the 126th general assembly of the Presbyterian church in the United States of America today went on record as favoring national prohibition, endorsed the national administration, the state department and the navy department for their action in support of the temperance movement, urged ministers and church members to withdraw from clubs and social organizations which dispensed alcoholic beverages and condemned cigarette smoking.

Mr. and Mrs. Carl Wimsatt have returned from a visit in Kentucky.

A BRONZE MONUMENT

Postmaster Barris received a letter of inquiry Saturday from the Adjutant General's office at Washington inquiring for some facts in regard to Fernando Keithly who formerly lived south of Verona.

He enlisted in Co. H, 28 Reg. U. S. A. at Joplin, May 13, 1901 and was sent with his regiment to the Philippine Islands, where he was killed by Moros at Camp Marohui, November 14, 1903.

The Adjutant General says: "His conduct in the action where he lost his life was such that a military post in the Philippine Islands was named in his honor. In time this post will pass away, as the military necessity for it ceases. It is my hope to make possible a commemoration of his heroism by placing a fitting monument of enduring bronze in the capitol of the country for which, in the lofty conception and humble execution of his duty, he gave his life."

The father of this brave boy who laid his young life on the altar of his country, now lives at Monett, Mo.

From George and Please Ball who live here and who were in the army in the Philippines at the time and near the place where private Keithly lost his life, we get the fact concerning his death.

Keithly and three comrades were doing outpost duty and as is the rule, one guarded while the other three slept. Keithly was on guard; his three comrades were cut to death as they lay asleep. They were found together, their guns having never been fired. Keithly put up a heroic fight. Twenty Moros were found dead around and near his body.

One hundred empty shells were found, from his gun, near where he fell, showing that he had used all his ammunition before they succeeded in chopping him to pieces. Had he had more shells he might have lived to tell of one of the most thrilling and heroic battles ever fought by one man. The twenty dead Moros were the silent monuments which told to the world the marvelous, heroic battle fought by this lone American soldier boy beneath the palm trees 3,000 miles from his native land and home.

May we hope that this monument may be erected and remain forever to inspire his countrymen with patriotism.—Verona Advocate.
